

To clearly understand **Faith**, we must begin with Almighty God Himself. He is an Invisible, Supernatural God. When nothing existed, He created Heaven and earth. The Invisible God created physical things. The Mystery is how He did it. Everything that He created began as a living Thought inside His Heart. He has always thought about what He desired to manifest in the physical realm. He used His Power of **Imagination**. With His Imagination, He formed and shaped things. From His work of imagining was the creation of living things in the form of **Images**. Then the Holy Spirit moved, worked Supernaturally and manifested those Images

God's Spoken Words

God placed His Images into living Invisible words and spoke them. When He spoke, His words went forth from Him with the Images inside them. **Note:** wherever God's words go, His Images go and manifestations result. His words will never return unto Him void but will accomplish the things that He designed them to do. Being living and powerful, His words will always manifest His living Images which gives Him pleasure. (*Isaiah 55:11*)

God's spoken words do three Powerful things: (1) they travel from inside His Heart taking His Images with them, (2) they work in the invisible realm with those Images structuring their form for manifestation in the physical realm and (3) they manifest those Images to us as blessings. We will see the appearance of the work of God's words. (*Psalms 90:16*) There will always be manifestations of God's words in our lives—in our health and in all other things needed for an abundant life. (*Philippians 4:19*) The things are already there in Image form.

God's Thoughts Toward us

God has already Thought about us, His beloved children. His Thoughts are only thoughts of giving to us. (*Jeremiah 29:11*) He has Images of the things Promised laid up in His glory for us. (*Psalms 31:19*) The things are already there in Image form. We do not make them, we simply receive them by **Faith**. God has Thought to give us these things as gifts of His grace. (*James 1:17*) Gifts are already there in Image form inside of His **glory**, prepared and laid up for us. (*I Corinthians 2:9*)

Receiving and Working Faith

Our Faith comes by hearing and reading God's Promises to us. (*Romans 10:17*) The Power resident in them produces a **vision** of the things inside our heart. The vision settles in our imagination. We must continually imagine receiving what God has already Imagined, Promised and laid up for us.

- **Visualization**—We must work with God's vision that He has given us by thinking. Visualizing is a key element in the work of Faith. Keep in mind that Faith without work is dead being alone. (*James 2:17*)
- **Expectation**—Actively visualizing produces an expectation in our heart of receiving the things Promised. (*Psalms 62:5*) When we expect, we are in agreement with God. He Promised to give us, we expect to receive the things.
- **Profession**—We must speak to come into possession of our blessings. This is called the "Profession of our Faith." (*Hebrews 10:23*) God always moves to bless us by His Images working inside us. (*Ephesians 3:20*)
